

**WEBSTER GUILLORY  
ASSESSOR**

As the independently elected Assessor, my first responsibility is to the taxpayers of Orange County.

The Assessor's Office sets the taxable value of property, according to the laws of the state, and administers the many state exemption programs available to the taxpayers.

I am an experienced private and public sector business manager. The Assessor's Office has won numerous awards and commendations from several sources, including the Orange County Grand Jury. Orange County taxpayers pay the least amount of cost for the work performed from this Office compared to Assessors' Offices throughout the state. Knowing what to do helps to protect your dollars.

I am a hands-on, conservative manager that encourages technological development and improving productivity. My priorities for the coming years are to maintain a high level of integrity; to protect individuals' privacy; to improve methods that assist the public to communicate with this office.

My experience includes a Bachelor and a Master of Science degree. I was recognized with the coveted "Manager of the Year" award from the Society for the Advancement of Management, and served on the Board for the Peter F. Drucker Graduate School of Management.

I respectfully ask for your vote and the privilege to serve you.
